# ORANGE FLEXIPADS

We're adding a bit more colour to your day by making our pads orange! The material hasn't changed so you'll still enjoy the same durability and heat resistance as always but now in a funkier colour!

## NEW X-SLIM BACKERS

Slim, small rotary spot pads, great for working on small areas.

- Great for wool and foam
- Durable construction with solid metal thread
- Soft density foam to keep even pressure
- Micro Hook Velcro giving increased heat resistance and dispersion
- Use with our 90mm extender for hard to reach areas

## We're on a roll!

We're also adding a blue coating to our locknuts, and you'll have noticed our washmits now feature a fetching red cuff.

If you've got a colour you'd like to see get in touch and we'll see what we can do!
